November 2005

Letter From the President

Well November is finally here and that means the end of the Hurricane Season. We had some minor flooding here as we do anytime there is heavy rain but we lucked out for the most part. I mention this because I'm hopeful that we can resurrect the idea of our own Millers Island Emergency Preparedness Team. I say even if we do not get enough to participate in Baltimore County's Citizen Emergency Response Training we organize and train for our own version. We can do this. We have doctors, nurses, police, fireman, military coast guard and all kinds of talented people here in our community. All we need is 15 people and we can organize our community to be efficient in the event of disaster and/or emergency response. I've worked on this, down to a one way traffic pattern throughout the community for optimum evacuations. So as anything, it takes more then just one person to get something off the ground and to make it successful. The training doesn't have to be as demanding as CERT but I still need at least 15 people. Give this some thought. We were lucky during the 2005 Hurricane Season, but I'd rather be skilled and prepared then rolling the dice with Mother Nature and hoping for luck. Luck is for St. Patty's Day, not the Hurricane Season.

Community Events and participation.....

During the month of October we participated or organized two events. The first was the neighborhood phantom game. I was very pleased to drive through the community and see so many phantoms displayed in the windows, doors and porch fronts. It is apparent that the Neighborhood Phantom visited many houses and your participation in this game confirms our community spirit. Hmmm, who knows, maybe we will have a Secret Santa come visit in December. The second event was the annual community children's Halloween Party at The New White Swan, sponsored by the Millers Island Community Association, and the New White Swan. Great thanks to all the volunteers, and a special thanks to Dottie Reeder whom volunteers at this event every year. Thanks Dottie, for a great job done.

HOLIDAY SHOPPING TIPS...

Parking lot safety— Park in high visible well lit areas. Always know where you parked your vehicle to avoid unnecessary walking around the parking lot. Lock you door as soon as you get into your car, and never leave your car keys in your vehicle. Never leave valuables visible in your vehicle. Do not carry lots of packages at one time this makes you an easy target. If you carry a purse don't dangle it by your side in such a way that a thief can run by and grab it. If you have a cell phone have it in a convenient place so you can readily retrieve it to make an emergency phone call and never hesitate to dial 911.
