President's Letter

Currently your association is working on scheduling of events for next year. As president of this association I believe that one of the most important functions of our association is to bring the community together. So I met with all the business owners of the bars and restaurants here on Millers Island. At the conclusion of the meetings here are the findings. Our Fall Festival will be held at The New White Swan, I also learned that they have and had been having a community Halloween Party, for this reason they will continue to have the Community Halloween Party and the association will assist them. The Islander has traditionally had a Community Easter Event, so they will continue with their event and we will assist. Pelican's has offered to allow us to have our Christmas Party at that location. As for the Spring Fling the association will continue to have this function at the Tot-Lot. Looks like team effort to me. Thank you to all our businesses willing to help us with these events.

Revision of Current By-Laws

We had our first reading of the proposed By-Laws and everything rolled right along. Our second reading and introduction of the proposed By-Laws will take place at our October's meeting. As a reminder I ask any of you that took a copy of the proposed By-Laws for review to please bring them to the next two meetings. I expect the next reading of the proposed By-Laws to go as smoothly

Vandalism of street lights....

The street lights on Millers Island Rd were recently the victims of vandalism. Someone or some people were involved in shooting our or busing out our lights. A total of (11) lights were damaged as a result. I just wanted to bring to your attention that there is a program set up for such incidents. Millers Island Community Assoc., Millers Island Edgemere Business

Assoc., and North Point Peninsula Community Coordinating Council, all contribute to this reward. The reward is for \$1,000 for the arrest and conviction of the suspect of such activity. If you know who is responsible for this activity please contact a board member or the police.

Some of the projects your Association is currently working on.....

The shot out street lights on Millers Island Rd, the 3rd St. Canal concerns and the planning of the Fall Festival and Christmas Party. These are just some of the projects that the association is currently working on. As you know we also have active committees working on various activities, such as welcoming new residents, community merchandise, newsletter, website, entrance garden and various events committees. These projects take both time and money and your board members are working very hard to accomplish all these tasks. If any of you could assist in anyway it would be greatly

appreciated. As you know we are a non-profit group, therefore we survive off of donations, membership dues, and good old fashion volunteer work. So if you have free time, or you would like to make a donation of any kind, it would help to improve the Association and the Community. Every little bit helps and all contributions are appreciated. I hope we all enjoy our community and we all pitch in to help it as nice as it is.

NEW COMMUNITY MEETING SIGN

I hope you all had an opportunity to see the new Community Meeting Sign. I thought we could use a new sign so myself and my husband Carter purchased the materials, I designed it and did some of the paint work and my brother Donald Conroy built it and did all the wood work. This sign is our donation to the community.
