Proper Flag Etiquette

On Memorial Day the flag should be displayed at half-staff until noon only, then raised to the top of the staff. The flag, when flown at half-staff, should be first hoisted to the peak for an instant and then lowered to the half-staff position. The flag should be again raised to the peak before it is lowered for the day.

Special points of interest:

- Standing water on our streets
- Getting our street signs replaced.
- Trash on Millers Island Rd.
- Continued work on our tot lot.
- Removing downed utility pole from Millers Island Rd.
- Dogs running freely around the community.

These are some of the topics being discussed at the community meetings. Come have a say and be part of the solution to these concerns.

Community Spring Fling.....

It's that time of the year where we all want to get out and enjoy the warm weather. Its a bo time to spruce up the house and get some spring cleaning done. But... what do we do with all the stuff we collected. What you consider trash may just be considered to someone else as a treas-

ure. I say we get together and have a Spring Fling, a community yard sale. The association will hold a bake sale and the kids can enjoy our new tot lot. So bring your yard sale items, and a donated baked good to the tot lot on Saturday June 7th, 2003 @ 10:00 am. Get rid of some stuff, make a little money,

purchase a baked good from the association, meet your neighbors and have a good time. If interested or you have any questions please contact me Bernice Myer @ info@myedgemere.com

Thanks and I'll see you there.

Community Boat Ramp

A letter has been drafted and addressed to Councilman John Olszewski in reference to a community boat ramp. At the last general meeting it was suggested that the association look into the feasibility of Baltimore County purchasing the road ending located at the end of Cuckold Point Rd, and donating it to our community to be utilized as a community boat ramp. After some thought on this subject I thought well why not ask three things. If the property, currently known

as Rum Runner's is to be sold or possibly auctioned, lets see if Baltimore County would consider purchasing the entire property. It could serve as a Community Center, a Community Fishing Pier as well as a Community Boat Ramp. I figure all we can do is ask. This is only in the inquiring stage at this point. It may not be able to be done. I do not know all the particulars, or the legalities of such an adventure, but we are looking into it. We'll put the proposal out there and go

Can Rum Runner's be our Community Center, Community Fishing Pier and Community Boat Ramp?

from there. I'll keep you informed

ARE YOU A SPEED DEMON.....

If you are, you may want to slow yourself down a little bit. With spring and summer now approaching, there will be many more residents to include children walking, skating, and riding their bikes on our streets. So please slow your driving down. The speed limit in residential areas is 25 mph. We don't want any accidents or mishaps and I'm sure you don't want a

ticket enforcement to commence in our community. If ticket enforcement is something we have to look into we will but keep in mind the officers have to issue tickets to all violators. That means you. Speeding to go to work or speeding to come home from work, your children zipping around to and from. So please let's just slow down for everyone's sake.
